Thirty-five Delegates Selected to Claremore

Convention on St. Patrick's Day.

The republican convention for the Western District held at Okmulgee yesterday was attended by three hundred and fifty delegates and went off harmoniously. Judge C. W. Raymond was elected delegate to the national convention at Chicago by a unanimous vote. Arch Quarry, of Tulsa, wanted the place but was considered to light weight, and a man with more "influence" was selected. The convention was the biggest one held in the territory. Thirty-five delegates chosen to attend the territorial convention at Claremore on the seventh inst.

In the resolutions which were adopted was one of confidence in the national administration. President Roosevelt was indorsed and his policy in the Panama canal matter approved. P. L. Soper was indorsed for national committeeman. Judge Raymond was asked to use his influence to secure a plank in the national platform pledging the party to statehood in some form for Indian Territory.

A separate resolution was adopted creating a Creek central committee. This, it is believed, will pave the way to cohesive organization of the party. The members are chosen from recording districts, which correspond to counties instead of from clubs.

J. L. Spotsler was elected chairman of the committee.

One proposal made by Russia to Japan was that the frontier between Korea and Manchuria, along the Yalu and Tumen rivers, a neutral zone, 10 kilometers (about 6 miles) in breadth, should be established, in which neither Russia nor Japan should station any troops. M. E. Helms, Agent.

His Kansas Record.

According to the Indian Territory papers "Colonel" Wm. Busby is trying to break into politics in that section. One year more of the "Colonel" as mayor of Parsons would in all probability have bankrupted the city, but perhaps he is just the material needed in Indian Territory politics.—Parsons Reclips.

J. H. Curd, of Pueblo, Col., a brother-in-law of John Campbell, is here on a visit and may locate.

Red is the color of danger, whether on the semaphore or on the skin. When the face is reddened by eruptions, when boils break out on the body, or the angry red of sores and ulcers is displayed in the flesh, it is nature's danger signal. The blood is obstructed and tainted by impurities, and there can be no safety until the blood is made pure.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the effete matter which clogs and corrupts it. It cures pimples, boils, eczema, scrofula, sores, ulcers and other consequences of impure blood.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Bond, of Kalamazoo, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I consulted with before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free from scrofula."

Accept no substitute for Doctor Pierce's Golden Medical Discovery. There is no other medicine which is "just as good" for diseases of the blood and the eruptions which are caused by the blood's impurity.

FREE. Dr. Pierce's Common Sense Medical Advice is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Diamonds as a Sound Investment

Quite apart from their beauty and the pleasure their possession brings, Diamonds should be considered in the light of a safe and conservative investment. They are the most beautiful, the rarest and the most precious of all Gems. They are absolutely unchanging. And it may be safely asserted, that Diamonds will be worth more next year than they are now, for the price is steadily advancing and from all indications will continue to advance as the years go by. Since February 1, 1904 there has been another advance of 5 per cent.

If you are interested in Diamonds or think of buying one, call and see our line and get our prices. Being in direct communication with the largest Diamond Cutters we can quote you lower prices than even larger Dealers can.
